Meeting of the Nuclear Alliance, on the sidelines of the Polish Presidency's Informal Energy Council - May 13th, 2025

Belgium, Bulgaria, Croatia, Czech Republic, Finland, France, Hungary, Netherlands, Romania, Slovenia, Slovakia, Sweden; Poland as observer, due to the Presidency; Estonia, Italy, as observers.

The Nuclear Alliance held a new meeting on the sidelines of the Polish Presidency's Informal Energy Council of May 13th, 2025. The meeting was attended by ministers and high-level representatives from 15 countries.

Nuclear Alliance ministers and high-level representatives discussed on how to improve nuclear projects' access to financing in the EU. They resumed their discussions on the results of the Nuclear Alliance Working Group on Financing. They will be sharing conclusions and recommendations of the Working Group as part of a joint letter to the European Commission, calling upon its mobilisation. They also discussed several new EU policy initiatives, which they identified as key to support the Group's recommendations, in particular the upcoming Nuclear Illustrative Programme (PINIC) revision.
